Action Taken Report on Curriculum Feedback

2018-19

Feedback	Action Taken
Students	Overall, the feedback reflects a positive perception of the curriculum's effectiveness in fostering employability, social responsibility, awareness of environmental issues, and research ambience among students.
Teachers	Additional inputs such as courses beyond the syllabus are given. suggested some changes to the university authorities regarding the curriculum.
Parents	We have conducted a detailed analysis of feedback to pinpoint specific areas for improvement. Teachers took extra classes and remedial classes to address the issues.
Alumnae	Identified successful elements contributing to student development. Introduced extracurricular programs aligned with positive feedback, such as leadership and communication workshops introduced certificate courses to help students acquire valuable skills. The College library has made new journals available for the students. Any student can access these new journals.
