Name of the Activity : Study Material Distribution

Date ; 02-09-2022

Smt Siromani, Lecturer in Zoology distributed Study Material for the poor students of BSc II year students of our college. She distributed the material on Dairy Technology to 8 students of the class. The principal of our college appreciated her generosity and motivated the students to utilize the facilities well. All the students conveyed the lecturer their gratitude.

**Study Material (Dairy Technology) Distributed
to B.Sc (BZC) IInd Semester Students**

Name of the Activity : QUIZ

Date ; 03-09-2022

This is about the department of Zoology conducting Quiz on 03 September 2022. All the students of B.Sc., II year participated in the programme. There were four teams organized during the programme. The team which won was also rewarded for their efforts. The principal of our college, Dr N Sashikala, appreciated the lecturers of the department and motivated the students to take part in all innovative activities like this.

Name of the Activity : Happy Teachers Day Date: 05-09-2022

It is a great day to celebrate the birth anniversary of Sri Sarvepalli Radhakrishna garu. It is the celebration of teacher's day to commemorate his birth anniversary. Prior to this all the departments of our college conducted different activities to enrich mental and physical strength of our students. The principal of our college, Dr N Sashikala, and all the lecturers participated in the programme and motivated the students. They talked about the importance of a teacher and human values that a student must imbibe during his or her youthful days. The students whoever won in the competitions held before were given prizes and mementoes. Students too actively participated and expressed their sincere gratitude to the lecturers.

It is about Peer teaching organized by the department of Zoology of our college. The topic is... Pigeon – Brain. Our principal addressed the students and said Peer teaching **involves one or more students teaching other students in a particular subject area and builds on the belief that “to teach is to learn twice”** In peer instruction, instructors pose a challenging question to students, students answer the question individually, students work with a partner in the class to discuss their answers, and finally students answer the question again. A large body of evidence shows that peer instruction benefits student learning. All the students of I BZC of II Sem actively participated and learnt many innovative techniques of gaining knowledge.
