ECO CLUB

CELEBRATION OF ECO-FRIENDLY DAYS

The Eco-Friendly Days were observed in PSC & KVSC GOVERNMENT DEGREE COLLEGE. The importance of the days were highlighted through special assemblies, display boards, power point presentations, activities, competitions etc. Drawing and painting, slogan and clay modeling competitions were organized on different important days like Earth Day, World Environment Day, World Water Day etc. The competition was organized in connection of the club's campaign to create awareness amongst the students. The students participated enthusiastically for different activities.

CAMPUS CLEANING DRIVE

Regular cleaning is done by college residues of the premises and connecting areas. Our campus has been declared litter free and plastic free zone.

COLOSSAL PLANTATION

PSC & KVSC GOVERNMENT DEGREE COLLEGE has been celebrating 'plantation week' every year. The students and the staff actively participate in this intensive plantation campaign. 80% of the college is under rigorous plantation area. The activity has turned the area into green bed. At the same time, it is helping to create awareness and sense of responsibility among the upcoming generation.

PAINTING & POSTER MAKING COMPETITION

Several environmental competitions have been organized for college students. Competitions consist of essays, quizzes, and drawings and are rewarded by prizes. We found that these kinds of competitions encourage the students and boost their environmental involvement with outdoor field programmes.

ECOLOGICAL FIELD TRIPS

CREATING A POSITIVE ATMOSPHERE FOR LEARNING

Every year, Eco Club organizes an Eco Tour for the students of our college in order to sensitize them regarding biodiversity of the different regions.

Regular visits are planned to give students an association with nature and the conservation of biodiversity, an exposure to the fauna and flora of the local hills an impression of the degradation of forests caused by human interference, and an awareness of how to protect and preserve natural forests.
